

THE PIRL FAMILY PROJECT

Point Pleasant Beach, NJ

In addition to helping residents and small businesses along the coast line of Route 35 from Point Pleasant to Seaside Heights, we have adopted a local family in Point Pleasant Beach. Their story touched our hearts, and they are in desperate need of our help. The Pirl Family resides on Laurel Ct. in Point Pleasant Beach and suffered substantial damage from Super Storm Sandy.

Their daughter, Caitlin is twenty-four years old. She was hit by a drunk driver five years ago the night before Thanksgiving. The drunk driver left the scene of the accident and left Caitlin severely injured in the street.

Caitlin now suffers from a traumatic brain injury and is paralyzed on the left side of her body. She is confined to a wheelchair. Caitlin goes to physical therapy six days a week, some days up to three therapies a day. These therapies are vital to Caitlin's survival and recovery, however the cost of all of Caitlin's therapies, medications, and other needs exceed the Pirl's annual income. Unfortunately the medical and therapy bills for the Pirl family will only continue to grow as she gets older.

We have adopted the Pirl's for our fall 2013 project. We are asking all individuals, volunteers, skilled labors, small companies and major corporations to join us in making a difference for the Pirl's, in our efforts of giving them a new, safe and handicap accessible home.
